

Hawaiian Acres Road Corporation Members, The HARC Board of Directors wishes to inform the membership that Mr. Robert Gentzel has been dismissed from the position of Vice President and Road E Representative of HARC as of Sunday February 22, 2015. Mr. Gentzel was appointed to fill a vacancy on the HARC Board on January 18, 2015. After several weeks of continual disruption, he was dismissed pursuant to Article 4 Section 10 and Article 5 Section 10 of the Hawaiian Acres Road Corporation By-Laws. This decision was not made lightly or with malice, in fact this was the only option we had as Mr. Gentzel refused to resign during an executive session on February 15, 2015, a session he requested, during which he said the board needed to vote him off during a regular meeting.

Please understand that this is a new board of directors that is a continuation of several years aimed at improving the way HARC has operated in the past. Our goal is to make things as transparent as possible. We are currently working on procedure that would allow us a trial period with anyone who would like to volunteer on HARC. This would allow the board as well as the new board member to have a trial period to see if things work out before any commitments are made.

If you have questions or comments about HARC, please come to the office, visit our website, Facebook page or email us. We are more than happy to answer your questions and hope this year we can turn a new leaf with HARC.

We thank you for your continued support.

Mahalo,

Hawaiian Acres Road Corporation Board of Directors
